At Laurus, our clients truly are the centre of our world: it's your wellbeing that defines ours. Whether that's Property, Family or Legacy matters, or a combination of all three, we'll help you move forward calmly and decisively.

Our expertise goes beyond understanding the law and acting upon it – it's giving our clients the confidence of having us by their side, when it matters most.

WHAT DOES THIS MEAN FOR YOU?

Personal service, lifelong support, true value for money. All with access to expert legal advice whenever you need it.

Personal

Every person we work with is an individual, with a life outside of their legal matters. And we make sure to treat you this way. That means we'll choose the best strategy to achieve your desired outcomes, and we'll do it in a way that fits your lifestyle and loved ones. You can contact us online, in person, by phone, via Zoom or WhatsApp – our priority is making our expertise easily available.

Expert

Your case will always be handled by a leading expert – and we don't work on mixed caseloads. This means a property transaction will be handled by a property expert, a break down in a relationship will be handled by a family expert, and your estate will be planned and administered by a legacy expert.

We have longstanding relationships with a network of industry leading experts and collaborators. We always ensure you have the best team around you to achieve the outcome you desire.

Lifelong

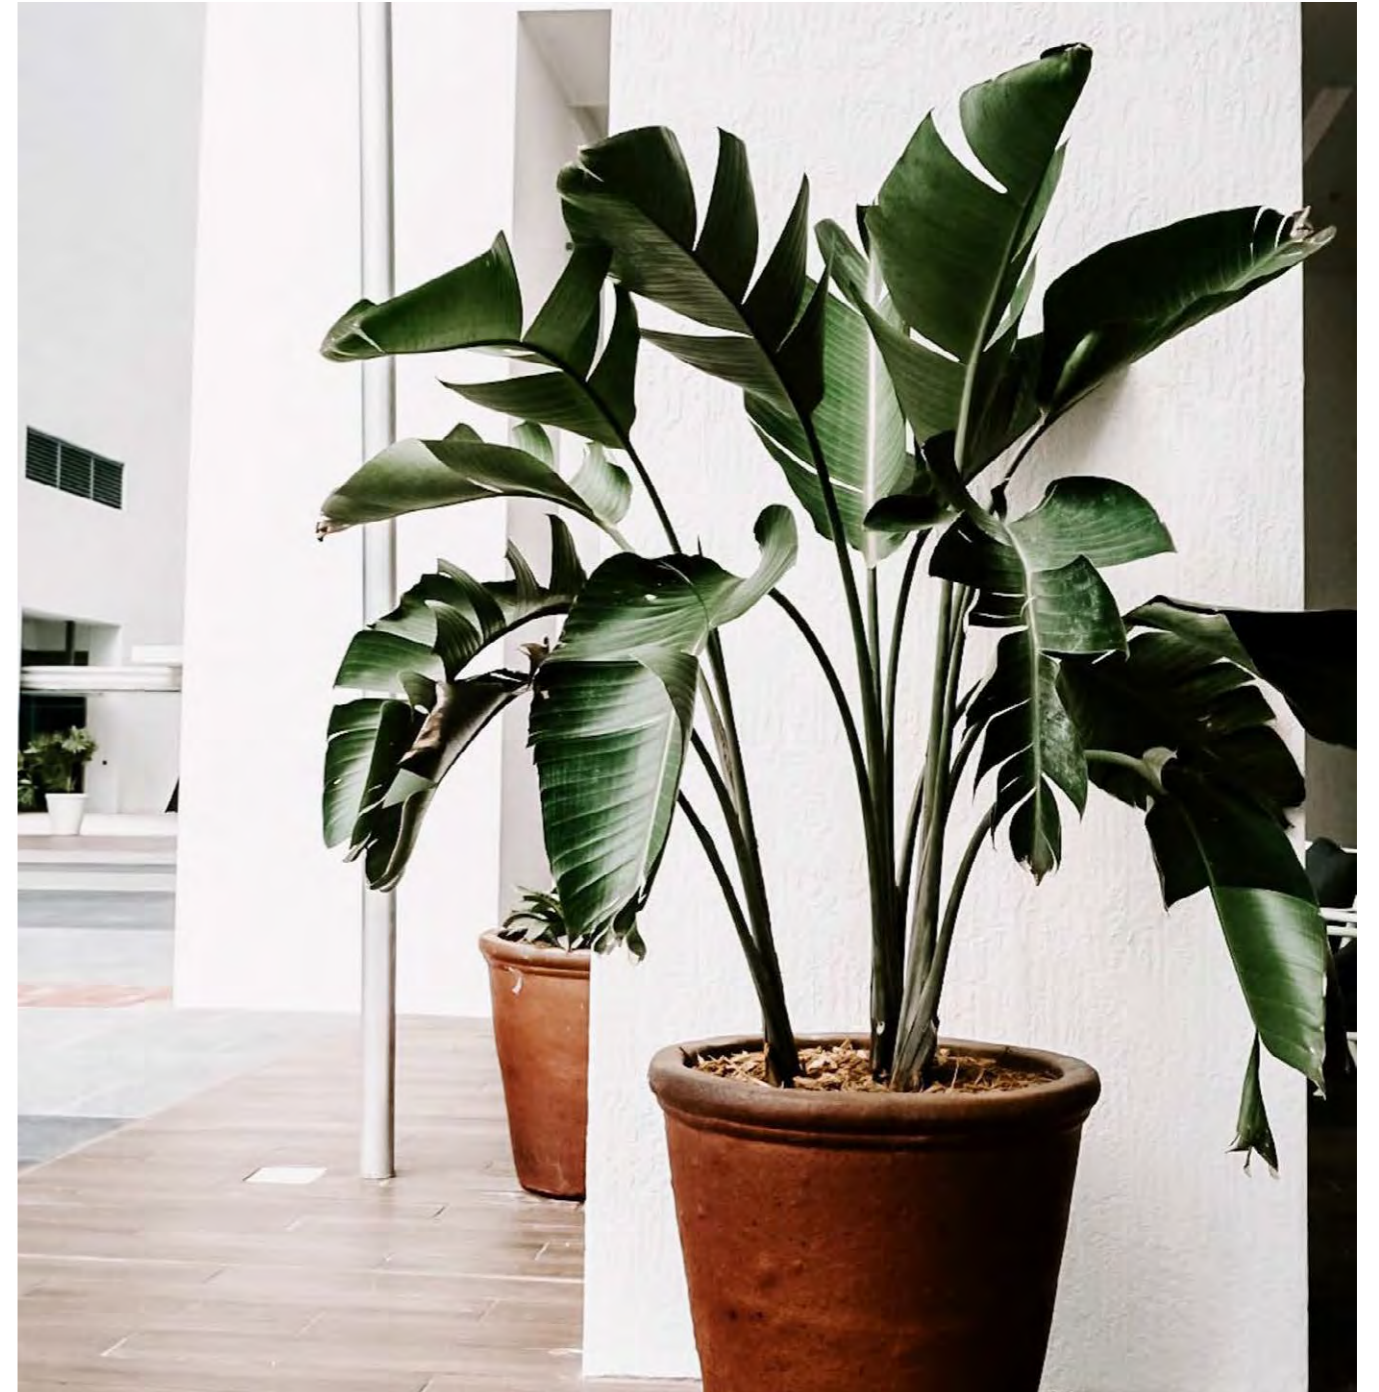

We focus on your legal wellbeing – making sure you're covered now and for the future. This means you'll be able to store important documents with us securely, free of charge. You'll be entitled to a complementary yearly legal health check to make sure your legal wellbeing is in check. We'll send free email updates on changes to the legal landscape that could affect you and your family.

Valuable

As a client of Laurus you and your family now have preferential access to our lawyers' expertise across all of our teams in Property, Family and Legacy. At Laurus we provide high-quality services at a fair, transparent price. So, you'll never have to worry about hidden costs or inflated fees.

Our departments work together to care for every client, so you'll receive a £100 credit towards the cost of preparing your Will or Lasting Powers of Attorney when you instruct our Property team. We're entirely transparent in our legal fees, as well as any anticipated third-party costs you may incur during the course of your matter. Fees and hourly rates will always be made clear to you from the outset and during your legal matter.
